Dear Residents, Families, Friends, and Loved Ones,

Inside Visits are Back!

Good afternoon,

On Tuesday, February 23, we were notified by the NJ Department of Health that we were one of the facilities within two NJ Regions that could begin in-side visitation. We immediately began setting up our inside visitation areas to welcome you all back inside our community.

Inside Visitation will commence on Monday, March 1, 2021. I am sending a copy of our policy that will guide you step – by- step through the expectations.

I have met with the Residents and they are “thrilled “and looking forward to visiting with you in a “warm” environment.

Vaccinations

We have recently received all COVID-19 Vaccination record cards from CVS Pharmacy for all of our residents who were inoculated on-site and would like to begin mailing them to family members/POA/legal guardians or passing them out to our residents. A copy of their card has been placed in their medical chart.

We are asking those of you who would like us to mail the vaccination card to you to please send a separate email to Nyree Sampson at nsampson@wilfcampus.org and include the following information: The resident's name, your name, and full mailing address. If the card is mailed to you, we will give the resident a copy of their vaccination card.

If you would like for us to give the original vaccination card to the resident, please send a separate email request to Nyree at nsampson@wilfcampus.org. If you would like a copy of the card mailed to you, please include this request in your email along with the following information, the resident's name, your name, and full mailing address.

In closing, the residents enjoyed a Purim party and decorated their own masks. A good time was had by all with Hamantaschen for dessert with lunch, and 7-layer cake planned for dessert this evening.

Good Shabbos to all and stay tuned for our Passover Plans.

Kind regards,

Jean
